# Proper Places for Trees Around Homes And Power Lines

Because different trees have different mature heights, special attention must be paid to where you plant each tree. Good landscaping helps frame your home, rather than hiding it, and also incorporates use of plant material compatible with existing facilities. Planting the right tree in the right place will enhance property value and prevent costly maintenance trimming and damage to your home. Good landscaping will also utilize shrubs and low-growing trees compatible with electric utility lines and, therefore, will not create power outages to your neighborhood.

## ZONE 3

### TREES THAT GROW 60 FT. IN HEIGHT

Larger types of trees can be used here. However, the tree planting should consider your neighbor's view or their own planting of flower beds and trees. Large trees should be planted at least 35 ft. away from the house for proper root development and to minimize tree damage to the house or building.

## ZONE 2

### TREES THAT GROW NO TALLER THAN 40 FT.

This zone which takes in mostly lawn area is used to decorate or frame your house instead of hiding it from sight. Trees should be selected first, then shrubs can be planted to complement the trees.

## ZONE 1

### TREES THAT GROW NO TALLER THAN 25 FT.

This zone ends 15 ft. away from electric utility wires. If you have further questions concerning the planting of trees near electric lines located away from homes, call your local electric utility, as these lines may be of a higher voltage and require greater clearance distances.

### FPB Suggests

The Following Trees

The tree species name is followed by the mature height of each tree.

<b>Red Dogwood</b>	20' - 25'	<b>Serviceberry</b>	20' - 25'	<b>Sourwood</b>	15' - 20'
<b>Pink Dogwood</b>	20' - 25'	<b>Winterking Hawthorn</b>	20' - 25'	<b>Japanese Lilac</b>	20' - 25'
<b>White Dogwood</b>	20' - 25'	<b>Vesuvius Plum</b>	15' - 20"	<b>Smoketree</b>	15' - 18'
<b>Kousa Dogwood</b>	20' - 25'	<b>Weeping Cherry</b>	25' - 30'		
<b>Flowering Crab</b>	15' - 20'	<b>Weeping Mulberry</b>	12' - 15'		
<b>Redbud</b>	20' - 25'	<b>Soulandiana Magnolia</b>	25' - 30'
